

## ***Falling Action***

Name: \_\_\_\_\_

In the world of fiction, just as in life, events occur. These events make up our stories, both in fiction and in real life. Here are you are going to document the events that occur after the climax but before the resolution. Loose ends can be tied up here, as well as questions answered. Also, you can sometimes see a lesson learned. This section of the book can be very short, so you'll need to be specific and clear.

Page	Event Summary

## ***Resolution***

When the reader is assured that all is well and will continue to be, the plot has a closed ending. If the reader is left to draw their own conclusions about the final plot, then the ending is open. Many adults as well as children are disturbed by open endings. In the resolution, all the final parts of the story wrap up together.

Describe the resolution of your book.
